SPECIAL SERVICE FOR MEN AT CHRISTIAN CHURCH SUNDAY

Subject of Mr. Snodgrass' Lecture Will be "A Manly Man." Service Usual Tonight.

The meeting at the First Christian church tonight will be the last service until Sunday, there being no meetings of any kind tomorrow. The usual services of the day will be held Sunday with the addition of a special meeting for the men only on Sunday afternoon at 2:30 o'clock. The lecture given by Rev. Snodgrass at this meeting will be upon the subject "A Manly Man." Every man in the community is invited to this service. Mr. Snodgrass has had wonderful success in men's meetings elsewhere and looks forward to this service with pleasure

In making the anouncement of this men only service, Mr. Snodgrass said:

"There are many things in Maryville that need looking after. Things are not just as they should be, morally here This is a mans job and if you men are interested in a better city and community, come out to the men's meeting and let us discuss these things together. Men of every church should be interested in this service and we sincerely hope large delegations from all the churches in town will be present to assist in this service. Let us work together to make it the biggest men only service ever held in our city"

The sermon subject for tonight will be "How to Become a Christian." Prof Kay will sing. In spite of the stormy weather the revival is being well attended and there has been fifty eight additions to the church so far.

The sermon subject Wednesday night was "The Two Confessions" and the main thought was:

"It takes no reasoning for a person to understand that before he can expect to be acknowledged over there he must make some acknowledgment here. Jesus says that if you confess him here he will confess you up there It pays to make that confession even in this life. Take away eternity with all her burnished splendor and garden of delights. Snatch away the anticipated association of loved ones whose love we have cherished so much in this life. Blot out the expected fellowship with the pierced one and all his holy angels forever. Draw an impenetrable steel curtain across eternity's portal and there remains abundant reasons why you should give your life to Christ and live the best within you"

"Some people stay away from Christ because of the sneers and jeers of the crowd. I want to tell you what I think of that creature who will laugh at another for living the Christian life. I think he is as full of Hell as a neglected dog is full of ticks and the devil wouldn't speak to him in a back alley. He is so low down he would have to reach u pto touch bottom. I cannot think of a meaner man on earth." "But you have the courage of your convictions to stand out for Christ no difference about the crowd. I would rather a few fools laugh at me a little while for doing a wise thing than have the devils in hell laugh at me through out all eternity for doing a foolish thing."

"You know what the characteristics of a good soldier are. Look back over your life for the past few months and then tell me whether you have been a good soldier of the cross. If not you'd better get in line today."

GOOD JOBS FOR 15 IN NODAWAY CO.

NEED MORE CENSUS TAKERS FOR 1920 ENUMERATION

APPLY THROUGH C. OF C.

Application Blanks, Test Schedules and Information Will be Given by G. A. Pickens.

There has been a number of application blanks for census takers given out by the Chamber of Commerce yesterday and today, in response to the call issped by Joshua A. Graham of St. Joseph, census supervisor, who was in Maryville Wednesday afternoon.

G. A. Pickens, secretary, received a telephone call from Mr. Graham this morning stating that he had been advised by the government that the pay for census takers was increased, and for the information to be made public. This may add some inducement to make application for the work. Nodaway County is short fifteen enumerators and is the only county in the state whose quota of workers is still unfilled.

The time for making application is short now, as the enumeration begins Jan. 2, and Mr. Graham is anxious to have all those desiring the job to send in their blanks at once.

There is nothing highly technical in the examination, and it is one in which any grammar school student should be able to qualify. These blanks can be obtained at the Chamber of Commerce and Mr. Pickens is posted upon all the preliminaries and can give all information wanted by the applicant. The test schedules can also bo obtained from Mr. Pickens.

The pay as based upon former enumerations would make easily from $4 to $6 per day for enumerators, and this amount has been increased, according to the notification to Mr. Pickens this morning.

JOHN S. BILBY, KILLED, WAS OWNER OF MILLION ACRES

Holdings in Nodaway County Exceeded Those of Rankin Estate. Lived Catoosa, Okla.

John S. Bilby, the owner of thousands of acres of land in Nodaway and other counties of northwest Missouri was killed Wednesday afternoon at his home near Catoosa, Okla. It is said his land holdings in Missouri exceeded those of the Rankin estate which consisted of twenty thousand acres. Bilby is said to have owned farm land in fifteen states.

The following notice is taken from the Kansas City Star of yesterday.

Catoosa, Ok., Nov. 27.—J. S. Bilby 86 years old who was killed near here late yesterday afternoon by a Frisco train, was said to be the largest land owner in America.

Bilby's hobby througout life was to acquire land. It is said he held title to more than a million acres in this country and Mexico. Some of his land upon which oil has been found poured money into him, but it was all spent for more land, the family living simply in its country home near here.

CUT LIGHTS HALF 5 TO 9 NIGHTLY

ALL BUSINESS HOUSES TO AID IN FUEL CONSERVATION.

REDUCE TO OIL POWER

Heavy Load at Plant Curtailed So that Oil Burner Can Generate Heat Supply.

A curtailment of lights to half between the hours of five and nine each evening, has been asked by Manager C. C. Hellmers of the light and power company, in order to save on the fuel at the power plant.

Mr. Hellmers visited every business concern in the city today and all have agreed to the arrangement to use the smallest possible amount and the same request is made of the residents in the city.

The heavy load at the power plant comes between these hours and at full capacity can only be supplied by two boilers. One boiler is heated by the oil burner which supplies the day power. Could the night supply from 5 to 9 be reduced to the amount generated by the one boiler, the plant can conserve on fuel and thereby continue in operation much longer. The cut down is imperative as the fuel supply is very low. The power plant has received but three of the four cars in transit at the time of the coal strike and that is all received at the plant since October.

There has been only one call to May or Garrett for school coal this morning. Three cars received by local dealers least week relieved the condition greatly in the residence section. This coal has been distributed in half ton lots.

CLASH WITH MEXICO MAY RESULT FROM CARRANZO DEFY

Charge That American Consul Signed Contradictory Statements Raises New Issue In Affairs.

Washington, Nov. 28.—The charge of the Mexican government that Consular Agent Jenkins had signed contradictory statements raises a new issue according to Secretary of State Lansing today and owing to the gravity of the situation this must be fully investigated before any further step in the matter is taken by the United States. The American government will make preemptory demands upon Mexico for all records in the Jenkins case and make an exhaustive study of them probably on their own ground and by its own agents, was learned at the state department this afternoon. The next step after the investigation would in all probability be a straight untimatum to Carannza demanding the release of Jenkins and fixing time limit within which this can be done.

Business Men Help.

The business men of Skidmore have proven that their hearts are in the right place. Monday and Tuesday they turned out with their shovels and spades and the farmers south of town with their wagons and teams, and they worked faithfully, both days, on the road south of town. A new trestle had been built and a great deal of filling in was needed before it could be used, so the hill just south of the bridge has been cut down and the dirt used to fill in the approaches to the trestle.

A job of this kind is pretty slow work when help is scarce, so the old addage, "Many hands make work light," fits in here pretty well. The work was completed in a short time and those that helped have the satisfaction of knowing they did the right thing.—Skidmore News.

Says His $100 is Ready.

Last spring, when the paving of Main street was being agitated by business men and citizens, Gustus Pool, one of this town's retired but very progressive citizens, placed $100 in a local bank with instructions to the cashier to turn the amount over to the city to assist in defraying the expense when actual work was underway.

Yesterday morning Mr. Pool called on a member of the city council and informed him that the $100 was available now, and that he had so instructed his banker.

Mr. Pool takes the stand that the [pa]ving will benefit the farming community that trades here as much as it will benefit anybody, and that the farmers have had a big part in making the town are therefore entitled to this benefit. Comparison was made at this point of the "mud hole" which Burlington Junction's Main street had known as, and the present hard surfaced streets.—Burlington Junction Post.

Acute appendicitis had developed and Thursday evening the patient was taken to St. Joseph in an automobile, accompanied by his parents, Dr. W. M. Hindman, Will Springer and John Calloway. They arrived in St. Joseph at 10 o'clock and the operation was performed an hour later.—Burlington Junction Post.

GOVERNMENT WILL PROTECT ALL NECESSARY PRODUCTIONS

IS TRIANGULAR AFFAIR

Coal Situation has now Developed into Struggle Between Operators Miners and Government.

Negotiations on the wage increase have been broken off and the representatives of the miners and operators are returing home. Notices are being posted in the mines offering fourteen per cent increase in wages for all work today.

Garfield declared today. He further stated that the government would go to great lengths to insure protection to the basic necessities and intimated that Government operation of plants would result if found necessary to protect the production of such necessities.

MRS. L. HIXSON GAINS 36 LBS.

Had Been So Run Down She Could Hardly Stand on Her Feet.

"I weighed only seventy nine pounds when I began taking Tanlac but now I weight one hundred and fifteen and am feeling better than I have in seven years," was the unusual statement made by Mrs. Lucile Hixson living at 2032 Broadway, Kansas City, Mo., a few days ago.

"Before I began taking Tanlac," continued Mrs. Hixson "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I ate nearly always disagreed with me and caused awful pains in my stomach and made gas form so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting dizzy spells and I was never able to walk any distance before I felt exhausted.

"My uncle recommended Tanlac to me and now since it has entirely over come my troubles I will never get through praising it. I am not troubled with indigestion or gas at all and I am eating anything and everything I want and digesting it perfectly. Head aches and dizzy spells have all left me and my constipated condition has been relieved. My nerves are in fine condition and the pain across the small of my back has disappeared altogether. I have gained thirty six pounds in weight, can do my housework by myself and I am stronger than I have been in years. Tanlac has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

Miss Lois Bonewitz left this morning for a few days' visit in Savannah with her brother and in St. Joseph with her sister, Miss Edna Bonewitz. Miss Bonewitz will go on to Sayre, Okla., where she will spend the winter with her mother, Mrs. W. A. Bonewitz, and sister, Mrs. W. Ben Turner.

STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. Marie Boyd, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

A Missouri Woman Who Was "Down and Out"

Kansas City, Mo.:—"Several years ago I was almost 'down and out' with woman's weakness. I suffered so I would be bedfast an entire week at a time. I had known of Dr. Pierce's Favorite Prescription all my life as a wonderful tonic for women, but I neglected trying it in my own case until I just had to resort to something for relief. Then I purchased a bottle and it certainly proved itself to be the right medicine. I then took Dr. Pierce's Golden Medical Discovery along with the 'Favorite Prescription' until I was eventually cured of this ailment. I have taken the 'Golden Medical Discovery' since for neuralgia and it gave me almost immediate relief."—MRS. BULA BIERMAN, 345 N. Hardesty Ave.

For Young Girls

E. St. Louis, Mo.:—"Before I married I suffered severely at times with backaches at certain times until I took 'Favorite Prescription.' I never took any medicine in my life that proved so beneficial as the 'Favorite Prescription' did. It not only relieved me at the time, but I have had no periodical trouble since nor backaches so have no hesitancy in recommending Dr. Pierce's Favorite Prescription to young girls who suffer, for I know it will benefit them just as it did me."—MRS. LOUISE OELLERMANN, 2607 Palm St.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

The Program for Washday

The housewife who has an electric washer is able to plan her wash day program the same as any other day, with time for all the other house work, the shopping trip or club or social event.

Because with the electric the washing is only an incident in the day's work—just something to take up during one of the morning hours.

She can plan her program as easily for every wash day as she can for one of them because she knows that every wash day will be very nearly alike—she knows that there will be two or three or four washers full of clothes and that each will require about 15 minutes, so it will take from half hour to an hour to do the washing. She can figure the rest of the day from that.

Come and let us show you how you can save most of the wash day with an electric.
